

SURYA SATRIA PRATAMA

WEB UI/UX DESIGNER | WEB DEVELOPER

East Jakarta, Indonesia | 081932720940 | suryasatria194@gmail.com
Portfolio: portofolio-surya-satria.vercel.app

SUMMARY

Information Systems undergraduate with a GPA of 3.89/4.00, specializing in UI/UX design for web and mobile applications using Figma. Experienced in translating user needs into user flows, wireframes, information architecture, and interactive prototypes across academic and personal projects. Proficient in HTML, CSS, JavaScript, Tailwind CSS, and Laravel Blade, enabling a practical understanding of front-end implementation and responsive interface design. Strong attention to visual consistency, typography, spacing, and usability, with a collaborative mindset and willingness to learn through feedback.

EDUCATION

Bachelor's Degree in Information Systems — Bina Sarana Informatika University 2023 – 2027
GPA: 3.89/4.00

PROJECT EXPERIENCE

GUNZ GAMING | Web Designer & Developer
Figma, Laravel, Blade, Tailwind CSS, JavaScript, MySQL
- Built a responsive web interface (desktop and mobile) for a gaming studio reservation system using Blade and Tailwind CSS.
- Translated user needs into flows and interface components for reservation, verification, scheduling, bundle packages, visitor reviews, and reporting.
- Kept layout, typography, spacing, and color consistent across all system pages.

SATERA (Satu Transportasi Rakyat) | UI/UX Designer
Figma, Design Thinking
- Designed the UX concept for a multimodal trip-planning app that integrates routes, accessibility, and environmental awareness.
- Applied Design Thinking to identify core user problems and shape solutions.
- Mapped user flows and information architecture for trip planning, traffic etiquette education, and a carbon emission calculator.
- Built an interactive prototype with accessibility for users with special needs in mind.

JASAKTI | UI/UX Designer
Figma, Civic Technology / Digital Public Service
- Designed the UI/UX of a digital public service platform that brings public information and services into one app.
- Developed user flows and information architecture to make public services easier to access.
- Applied user-centered design principles to improve accessibility and usability.

BINOVATE DAUR CUAN | UI/UX Designer
Figma, Prototyping
- Designed the UI/UX of a recycling app that lets users exchange waste for rewards.
- Developed user flows for waste collection and reward redemption.
- Created an intuitive interface and an interactive Figma prototype to visualize the main flow.

RELAXIFY | UI/UX Designer
Figma, Prototyping
- Designed the UI/UX of a music streaming app focused on music discovery and a personalized listening experience.
- Outlined interface concepts for music browsing, playlists, playback, and content discovery with clear navigation and visual hierarchy.
- Built an interactive Figma prototype to demonstrate the main user flow.

EZHELP KONSELING | Mobile App Developer
Flutter, Dart
- Developed a counseling mobile app using Flutter and Dart.
- Implemented the interface and app flow with a focus on clear navigation and user experience.

SKILLS

UI/UX Design: Figma, Wireframing, Prototyping, User Flow, Information Architecture, Design Thinking, Interaction Design, User-Centered Design, Usability, Accessibility, Responsive Design

Front-End: HTML, CSS, JavaScript, Tailwind CSS, Laravel Blade

Supporting: PHP, Laravel, Flutter, Dart, MySQL, SQL, MVC Architecture

Soft Skills: Communication, Teamwork, Analytical Thinking, Adaptability, Time Management, Attention to Detail

CERTIFICATION

Database Administrator Competency Certificate — LSP UBSI | 2026
